The history projects are well sequenced to provide a coherent subject scheme that develops children's historical knowledge, skills and subject disciplines. Key aspects and concepts, such as **chronology**, **cause and effect**, **similarity and difference**, **significance and hierarchy**, are revisited throughout all projects and are developed over time. All projects also develop historical skills based on evidence and historical enquiry. The choice of historical periods follows the guidance set out in the national curriculum, with specific details relating to significant events and individuals chosen to present a rich and diverse account of British and world history.

EYFS

The history curriculum begins as soon as the children start school in the EYFS. Learning in history links to the EYFS Statutory Educational Programme: Understanding the world. The activities and enhanced provision in our early years curriculum provide opportunities for children to explore images and share stories that introduce them to people and events from the past and compare them with their own lives. Projects such as Me and My Community, Once Upon a Time and Long Ago include activities that support children to explore life in t3he past and discuss how they have changed since they were babies. They are introduced to vocabulary related to the passage of time, and they put events in order.

Key Stage I

In Year I, children begin the autumn term by studying the project Childhood. This project builds on children's past experiences, including their family history and events within living memory, and works well as an introductory project. In the summer term, children study the project School Days. This project enables children to learn the history of their school and compare schooling in the Victorian period.

In the autumn term of Year 2, children extend their studies to explore a broader range of periods in the project Movers and Shakers. This project explores the concept of significance and the significant people that have greatly influenced history. In the summer term, children study the project Magnificent Monarchs. This project introduces children to the challenging concepts of power and monarchy in preparation for more complex historical topics in Key Stage 2. The projects studied in Key Stage I provide numerous opportunities for children to explore significant historical events, people and places in their locality.

Lower Key Stage 2

In Year 3, children begin the autumn term by studying the chronology of British history in the project Through the Ages. This project teaches children about the significance of prehistoric periods and the changes in Britain from the Stone Age to the Iron Age. In the summer term, children continue to develop their knowledge of the chronology of British history in the project Emperors and Empires. This project teaches children about the Roman Empire, its invasion of Britain and Britain's ensuing Romanisation.

In the autumn term of Year 4, children resume their learning about British history in the project Invasion. This project teaches children about the Roman withdrawal and the invasion and settlement of the Anglo-Saxons and Vikings. This project concludes at 1066, which meets the guidance from the national curriculum for British history. In the summer term of Year 4, children begin their studies of ancient history by studying the overview project Ancient Civilisations. This project enables children to learn about the achievements of the earliest civilisations, including ancient Sumer, the Indus Valley civilisation and ancient Egypt.

Upper Key Stage 2

In the autumn term of Year 5, children continue to build their knowledge of ancient civilisations with an indepth analysis of ancient China in the project Dynamic Dynasties. This project enables children to study the significance and influence of ancient China and its prowess and advancements in the written word, technology and metalwork. In the summer term, children further study ancient and world history in the project Groundbreaking Greeks. This project enables children to explore life in ancient Greece, including examining the achievements and influence of ancient Greece on the western world.

In the autumn term of Year 6, children study the more complex historical issues of enslavement, colonialism and power in the project Maafa. In this project, children explore a range of African kingdoms, including the Kingdom of Benin, and study Britain's role in the development, perpetuation and abolition of the slave trade. In the summer term of Year 6, children complete their historical studies with the project Britain at War. This project enables children to study the role war has played in Britain's history since 1066, focusing on the First and Second World Wars as crucial turning points in British history.
